What is a Hill Master? There are no paid lift operators or staff at SkiVenture. Hillmaster’s are individuals who have received training to operate the two rope tow lifts and agree to enforce the club procedures. Only an approved Hillmaster may start the tows and a Hillmaster must

be present during hill operation. Two people must be present at all times during lift operation. Hillmaster lock combinations are given out during Hillmaster training upon completion of Hillmaster training requirements. Hillmaster responsibilities are identified by state regulations.

Membership Dues

Rates have not changed for over six years and continue to be very low:

\$100.00 – Sustaining family membership*

**Why "Sustaining Membership"?* The club could use more funds to run smoothly and to improve the club for the future. Maple Ridge and Willard Mountain discounts will apply only to those families who chose to sign up for the sustaining membership. With your sustaining membership card you can purchase \$10 lift tickets on Tuesday – Thursday evenings at Maple (a \$5 savings!). Willard has promised to provide a comparable deal. Check the web page for updates.

Volunteer's Make the Difference

The club is run by volunteers and together we maintain the facilities. Thank you to **all** who participated in the work parties last year. If it weren't for dedicated members who are willing to donate time and equipment we would not have a club. There is no way we could afford to pay for the important work of clearing the hill, improving drainage, and maintaining the A-frame.

Ski Venture Liability and Guests

Ski Venture Liability and Guests

Ski Venture continues to offer affordable family skiing by not carrying liability insurance for its members or its guests. Everyone at Ski Venture must ski at their own risk. You may invite guests, however, be careful about inviting minors without their parents. We cannot guarantee complete safety when skiing, accidents are always a possibility. The parents of injured minors are going to be much more understanding if they were present and knew that an accident couldn't be avoided. To assure continued operation of Ski Venture, your complete cooperation and understanding is required concerning all operating procedures.
